

Value-Added Flexible Packaging

100+ years of innovation

Zacros provides packaging solutions designed to promote efficiency, convenience, safety, the environment, and advanced functionality. Product protection is the basis of everything we do.

- ◇ Product Philosophy
 - ◆ All of our products are designed to maximize value and functionality, and reduce shipping and storage costs.
- ◇ Reduction of product waste
 - ◆ Extremely efficient—your product is not wasted with 97 to 100% evacuation rates (vary by product).
- ◇ Customization
 - ◆ Customization is a hallmark of our product offerings—all of our product lines have various features which can be tailored to work seamlessly with your requirements.
- ◇ Environmentally considerate
 - ◆ Products are produced responsibly, and are designed to reduce waste and promote recyclability
- ◇ Legacy of expertise
 - ◆ Since 1914, Zacros has been a pioneer and renowned producer of protective packaging. One hundred years later, Zacros acquired Hedwin, which had invented the first flexible plastic package. We combine the legacy and innovative spirit of these entities to pursue the most advanced technologies in materials and functionality.
- ◇ Global reach
 - ◆ We are the only global entity that is able to provide molded-style bladders and laminated film bag-in-box.

Applications

Flexible Packaging from Zacros is trusted every day, all over the world, in a wide variety of applications.

*Medical/Diagnostics
