

Dear Customer,

Due to an ongoing shift in the trucking industry, many carriers are now requiring that all shipments be palletized.

To meet these new carrier requirements, effective December 1 2018, all LTL (less than truckload) shipments from the Zacros America - Hedwin Division will need to be palletized.

As everyone's needs differ, we are pleased to offer a variety of pallets to help all of our customers keep up with these industry changes:

PAL4194	40x48 house pallet; used*	\$8.90 each
PAL4370	40x48 New pallet, 4 way	\$19.75 each
PAL4673	38x42 Heavy duty, 2 way	\$21.95 each

For international shipments, there are three to choose from. The most common is listed first:

PAL4350	Heat Treated** 40x48 New pallet, 4 way	\$24.75 each
PAL4196	Heat Treated** 40x51 New pallet, 4 way	\$27.20 each
PAL4371	Heat Treated** 42x48 New pallet, 4 way	\$24.93 each

*Used pallets are usually 4-way, but not guaranteed to be 4-way.

** Note that international shipments require heat treated pallets

Please contact your Customer Service specialist with any questions you may have.

Regards,

Zacros America-Hedwin Division

A DIVISION OF ZACROS AMERICA INC.

220 Lake Drive, Newark, DE 19702

800.890.1183

*We deliver **QUALITY** to our customers, not just products.*
